Plaintiffs state as under:-

1. The Malankara Orthodox Syrian Church hereinafter referred to as the Malankara Church is a religious community. It is an autocephalous division of the Orthodox Syrian Church which traces its origin to Jesus Christ and his Apostles. The Church established thus is episcopal in character.

2. Different Apostles preached gospel at different regions.

3. The Malankara Church was founded by St.Thomas one of the Apostles of Jesus Christ.

4. Apostle Thomas arrived in Malankara in A.D.51-52 after preaching Christianity in Persia and other places particularly at Edasa, Selucia, Tigris, etc. and preached Christianity and made many converts. He built 7 churches at seven different places in this region and established

ecclesiastical administration in Malankara. The Christians of Malankara were called right from the beginning 'St. Thomas Christians'. All men and women who have received Holy Baptism and believe in the divinity of the Holy Trinity, the incarnation of the Son, the procedure of the Holy Spirit, the Holy Church and the application of the Niceane Creed therein all, the divine inspiration of the Holy Traditions, the mediation of the Mother of God and the Saints, the commemoration of the departed ones, the administration of the seven sacraments and the canonical observances like fasting, etc. and have accepted the obligations to observe them have right to be members of the Church.

5. In A.D. 325 the first General Council well-known as the Council or Synod of Nicea, was held. This was a great epoch in the history of Christianity. To this Council priests and prelates from all parts of Christendom were invited. Representatives of all Dioceses in the Christian World attended that Synod and the Christians of this region were represented by the Bishop or Metropolitan of Great India and Persia. Four Great Patriarchs one each at Rome, Constantinople, Alexandria and Antioch were outlined and established. The Episcopa at Jerusalem was conferred the dignity as the fifth Patriarch and the Catholicos of the East who represented the church having headquarters in Persia, was also recognised and confirmed. The Catholicos administered the church from the Apostolic Throne of St. Thomas.

6. The Malankara Church was being supervised by the Catholicos of the East from early centuries onwards. As time passed on theological differences of opinion regarding nature and person of Christ crept in and Christian community began to split under different names. The Malankara Christians continued to hold on to the old Orthodox faith. During the days following, sometimes it was hazardous to have direct connection with Persia or Antioch and occasionally the Malankara Christians were seeking episcopal assistance from various seats of Episcopacy to maintain continuity of Apostolic succession. The Malankara Church was almost in a difficult stage till the advent of the Portuguese. They brought upon the Malankara Church much pressure to yield to the supremacy of the Roman Church.

7. This relationship soon became uneasy and matters reached a climax in 1654 A.D. when the Church at Malankara broke off the Roman Shackles by taking oath at Cochin (Matrancherry).

8. The Metropolitans of the Malankara Church were usually being consecrated during the life time of the predecessor to prevent any break of line and for the spiritual protection of Apostolic succession, the Malankara Church had at times sought the intervention of Antioch during periods when Catholicate of the East was not functioning. At no time the Malankara Church had conceded temporal and administrative powers to

the Patriarch of Antioch over the Malankara Church. Often times the Patriarchs of Antioch have tried to secure temporal powers over the Malankara Church. During periods when the Catholicate of the East was not functioning the Patriarchs of Antioch were consecrating Metropolitans and sending Holy Moron and were exercising a general supervisory power in the spiritual affairs of the Malankara Church. The Malankara Metropolitan, necessarily a native of Malankara invariably has been exercising administrative powers over temporal and ecclesiastical matters the authority having been derived also by election or approval of the person by the community.

9. The persistent unsuccessful attempts of the Patriarchs to subdue the Metropolitans of Malankara and the Malankara Church to the administrative control of the Patriarch of Antioch had compelled the community to feel the need for the re-establishment of the Catholicate. Thus in 1912 the Catholicate of the East was revived and re-established in Malankara with the co-operation of the Patriarch of Antioch at a time when the Patriarch of Antioch visited Malankara and the seat was transferred from Tigris in Persia and the first plaintiff's predecessor enthroned on the Apostolic throne of St. Thomas.

10. When once the Catholicate of the East has been revived, transferred and re-established in Malankara there was practically no residuary power left with the Patriarch of Antioch over this Episcopal Church.

11. The Malankara Church at present consists of an aggregate of about 15 lakhs of worshippers worshipping in more than 1000 Parish Churches. A list of churches is appended to this plaint. It has also other religious and charitable institutions. Irrespective of the sources from which money proceeded and the persons responsible for the establishment of each church, each church founded becomes a constituent of the Malankara Church, a well established religious community administered by and under the authority of the Malankara Metropolitan. The Parishioners of each church at the most are entitled to the benefits from the Church and its properties. The Malankara Church is neither a union nor a federation of congregational autonomous units; but a church with a unique solidarity derived from Apostolic succession and authority of Malankara Metropolitan and the doctrines and creed followed by the Church. The Malankara Church has in due course adopted a constitution of its own codifying and incorporating the rights, duties and functions recognised by judicial precedents and established by Canons, Customs and Practices. The constitution was drafted, published and then validly passed by a duly convened meeting of the Malankara Association at M.D.Seminary in 1934 by elected and authorised representatives of parishes of the Malankara Church.

Ever since the passing of the said constitution in 1110 M.E.(1934 A.D) the administration of the Church has been carried on in accordance with the provisions of the constitution. This constitution has also been duly and suitably amended as and when found necessary. The constitution is binding in toto on the entire church. The temporal, ecclesiastical and spiritual powers of administration are with the Malankara Metropolitan who invariably is a native of Malankara elected or approved by the community. The constitution enables the Malankara Metropolitan to hold office of the Catholicos also following the practice of the great Metropolitan becoming the Catholicos. Thus in the Malankara Metropolitan-cum-Catholicos converge all temporal, spiritual and ecclesiastical powers without mitigating the exalted position and status of the Patriarch the Primate of the Orthodox Syrian Church. All the constituent churches and all the members of the Malankara Church are bound by the provisions of the constitution and have accepted the constitution.

12. Since the revival and re-establishment of the Catholicate of the East the validity, powers and authority of the Catholicos of the East as also the constitution were questioned again at the instance of the later Patriarchs of Antioch. Ultimately all such disputes were finally settled by the Supreme Court of India in its decision rendered on 12-9-1958 which upheld the validity of the revival and re-establishment of the Catholicate of the East as also the constitution and also the authority of Catholicos of the East and Malankara Metropolitan.

13. The present Patriarch of Antioch was then pleased to settle the differences and to accept the Catholicos of the East in the wake of the binding Supreme Court Decision and Catholicos in turn recognised the Patriarch subject to the provisions of the constitution. The then native Metropolitans of the erst-while Patriarchal party in the Malankara Church were also allowed to be inducted into the 'United Malankara Church' under the authority of the Catholicos. For administrative convenience the Malankara Church was divided into 10 dioceses each having a diocesan Metropolitan as Assistant to the Malankara Metropolitan. The Metropolitans who were admitted into the fold were also allotted dioceses. In the year 1964, just on the eve of the installation of the first plaintiff as the Catholicos of the East, on the suggestion of His Holiness the Patriarch of Antioch who was then present in India at the invitation of the Holy Synod to preside over the installation ceremony of the first plaintiff, the Holy Synod of Malankara Church had ~~not~~ met to re-define the territorial jurisdiction of the Catholicos of the East and excluded certain western regions in the Persian Gulf area subject to certain conditions ~~containing~~ from the jurisdiction of the Catholicos of the East as desired

✓ His Holiness the Patriarch of Antioch. Even the administration of the Simhasana Churches till then claimed to be under the control of the Patriarch was passed over to the Catholicos.

14. By such mutual acceptance of 16-12-58 and by the subsequent conduct of the Patriarch, the relationship of the Patriarch with respect to Malankara Church is only as one envisaged in the constitution. Thus the Catholicos of the East cum Malankara Metropolitan continues as the undisputed spiritual, temporal and ecclesiastical head of the Malankara church and there cannot be any office or institution or association pertaining to religious category within the Malankara Church touching or affecting the temporalities or spiritualities or doctrine or creed or faith or discipline or order of the Malankara Church, otherwise than under the authority and control of the Catholicos of the East-cum-Malankara Metropolitan.

15. As per the provisions of the Constitution of the Malankara Church and established precedents, if any person is to be consecrated a Metropolitan, such person has to be elected to such office by the Malankara Association on behalf of the community. Secondly such election must be approved by the Synod. Thirdly the candidate has to be consecrated by the Catholicos with the co-operation of the Synod and fourthly the person being consecrated is bound to submit a statement regarding faith and submission to the Catholicos who in turn has to give a certificate of consecration (Stathicon) to the Prelate so consecrated.

16. No Metropolitan who has not been validly consecrated for the Malankara Church can ordain priests or deacons in the Malankara Church. Any person can get himself ordained to any ecclesiastical order or office in Malankara only under the provisions of the constitution. The provision relating to ordination of priests and deacons are contained in articles 110 and 111 of the constitution. Such provisions enjoin that any person desirous of being ordained has to apply to the Diocesan Metropolitan and on his recommendation he has to undergo a course of study as directed by the Malankara Metropolitan in any Seminary of the Church. After completion of his study on being certified as a fit person to be ordained by the Principal of the Seminary, he can be ordained by the Diocesan Metropolitan or the Malankara Metropolitan. Only such persons duly ordained can minister in the Malankara Church.

17. The authority to appoint and transfer vicars or assistant priests for Parish churches rests with the respective Diocesan Metropolitans who are acting under the authority of the Malankara Metropolitan. They are appointed and transferred thus by the Diocesan Metropolitans. The Vicar as the very term indicates is the representative on the spot of the appointing authority and the Vicar becomes a joint steward with the elected and approved lay-steward of the Church and manage the affairs of the Church

subject to the provisions of the constitution of the Malankara Church. No priest not so appointed and no elected steward not approved by the concerned Metropolitan is entitled to hold office or function in any church or institution in Malankara.

18. The 1st plaintiff is the Catholicos of the East and the Malankara Metropolitan of Malankara Church entitled to the spiritual, temporal and ecclesiastical government of the Malankara Orthodox Syrian Church. The 2nd plaintiff is the Metropolitan of the Diocese outside Kerala. He has been appointed as the Assistant of the first plaintiff and has been duly elected as his successor. Second plaintiff has joined in the suit on the direction of the first plaintiff to facilitate the conduct of the suit.

19. His Holiness the Patriarch of Antioch had been very keen in preserving and maintaining the restored peace in the Malankara Church. But of late, a section of the community had recently organised themselves under the name 'Malankare Jacobite Syrian Christian Association' to work against the well established authority of administration of the Catholicos of the East-cum-Malankara Metropolitan, attempting to create foreign domination and divided loyalty. Accordingly they are also forming sub groups under different names and they are unitedly working to effect the matters stated below obstructing the administration of the church and its parishes. All the defendants belong to that category and they are impleaded in their individual capacity and as representing the said group consisting of numerous persons. Permission is sought for filing the suit against those defendants also in the representative capacity. Application under Order I Rule 8 is also filed herewith.

20. The said group has succeeded in imparting a wrong impression in the mind of the Patriarch of Antioch that the Malankara Church is secretly aiming to sever connection with the Holy See of Antioch and has made him hesitatingly inclined towards them. At their instigation the Patriarch of Antioch had first deputed a foreign Bishop as his delegate. The Malankara Church refused to recognise him and he had to return on orders from the Government of India. Just on the eve of his departure, the defendants and their partisans succeeded in getting several persons ordained as priests and deacons. After the departure of the said Bishop, the Patriarch of Antioch has recently consecrated the first 3 defendants as Bishops without paying any heed to the provisions of the Constitution and in absolute disregard of the admitted and established authority of the Catholicos-cum-Malankara Metropolitan and is attempting to secure administrative control over Malankara Church. In furtherance of the above object despite the fact that interim orders of injunction in civil suits on the

basis that Metropolitan s^e ordained are not competent to exercise any episcopal function in or over Malankara Church defendants 1 to 3 are indiscriminately and wantonly ordaining priests and deacons. These ordinations are not binding on the church being done by Bishops not competent to do so and of persons who are unqualified to be ordained. Defendants 4 to 10 are some of the priests and Deacons thus ordained.

21. Defendants 11 onwards are Vicars appointed to the various Parish Churches under the authority of the first plaintiff as provided for in the constitution. They have unconditionally submitted to the authority of the first plaintiff and the respective diocesan Metropolitans and had been ministering accordingly. The affairs of the respective Parish churches were being managed in accordance with the provisions of the constitution. But joining hands with other defendants they have recently chosen to deny the authority of the first plaintiff and other Metropolitans and are creating schism in the churches. They have openly declared that they defy the authority of the first plaintiff and other Metropolitans.

22. Defendants are out to deny the authority of the first plaintiff and other legally consecrated and appointed Metropolitans under the first plaintiff in the Malankara Church and refuse to recognise and mention the names of the Catholicos of the East-cum-Malankara Metropolitan and the concerned Metropolitans in 'Thubaden' a part of the form of service of the Holy Qurbana which practice besides being an unlawful interference with the churches and the worshippers' right for proper performance of worship and religious rites is liable also to endanger the peaceful and solemn atmosphere of the Church and would seriously affect the discipline and administration of the Church. Continuance of such practices affecting religious sentiments and faith may even lead to breach of peace.

23. No person, irrespective of his position has any locus standi in the Malankara Church without believing in the Holy Church headed by the Catholicos of the East-cum-Malankara Metropolitan and without submitting and accepting the ecclesiastical authority of the first plaintiff and the administrative set up and the Hierarchy; the principle being that the lawful Metropolitan is necessary to the very being of the Church.

24. Defendants and their partisans are trying to inter-meddle in the affairs of individual churches and create dissention and discord therein. They are attempting to make use of the properties of the Church in this illegal and unlawful attempt.

25. The 1st plaintiff is residing at Vijayapuram Village in Kottayam Taluk and defendants 4, 5, 9, 10 and 15 reside within the jurisdiction of this court in the villages of Thiruvárpu, Pampady, Vazhapally, Pampady and Kumarakam respectively. The defendants first

formed themselves into an Association to work against the authority of the 1st plaintiff and the Malankara Hierarchy, at Kottayam Village within the jurisdiction of this court. The cause of action for this suit has arisen as above said from 1971 onwards when the defendants joined themselves into an association and from respective dates when defendants 1 to 3 were got consecrated and when defendants 4 to 10 were got ordained and on subsequent dates when the rest of the defendants joined the group and began to deny the authority of the 1st plaintiff.

Therefore it is humbly prayed to pass a decree granting the following:

R E L I E F S.

- A. To declare that the Malankara Church is episcopal in character and is not a union or federation of autonomous church units and is governed in its administration by the constitution of the Malankara church.

- C. To declare that defendants 1 to 3 are not legally consecrated Metropolitans of the Malankara Church and defendants 4 to 10 are not legally ordained priests or deacons of the Malankara Church.
- D. To declare that no Metropolitan, priest or deacon unless validly ordained and appointed under the provisions of the Constitution or the Malankara Church can officiate in any of the churches or its institutions in Malankara Church.
- E. To declare that any priest who refuses to recognise the authority of the first plaintiff and other Metropolitans under him is not
X entitled to minister in any of the churches or its institutions in Malankara.
- F. To prohibit defendants 1 to 3 by an order or permanent injunction from ordaining priests or deacons, or performing any other sacraments, service, etc. for the Malankara Church or its institutions.

X of Malankara and for the Malankara Church or its constituent churches or institutions.
- H. To prohibit the defendants from interfering in any manner with the administration of the Malankara Church.
- I. To allow other incidental reliefs deemed appropriate as and when prayed for.
